# VIDEO EXPERIENCE AT ROGERS CENTRE

The Toronto Blue Jays revamped the in-game experience for fans, adding thirty LED displays throughout Rogers Centre as part of a broader stadium renovation project. All display technology was provided by SNA Displays including EMPIRE™ Exterior video in the bowl and BRILLIANT™ Interior dvLED technology in concourse and club areas.

Highlights of the digital signage face-lift include a 36-foot 3-section display behind home plate and upper fascia ribbon boards for both dugouts, modernizing on-field signage and providing additional sponsorship opportunities for the venue. Other display assets include a 124-foot 200-level LED ribbon, locker room displays, VIP and club displays, and concourse video walls. Outside the stadium, SNA Displays upgraded the Gardiner LED Pylon into a fully wrapped screen with 158 feet of continuous LED video.
